

Recognized Organization Input Notification Conditional Use

TO: Landon Clark, Chair, Sugar House Community Council

FROM: Rylee Hall, Principal Planner, Salt Lake City Planning Division (rylee.hall@slcgov.com or 801-535-6308)

DATE: February 17, 2022

RE: PLNPCM2022-00091– Conditional Use: ADU in a Single-Family Residential Zone

The Planning Division has received the below request and is notifying your organization to solicit comments on the proposal:

Request Type: Conditional Use

Location: 617 East Driggs Ave.

Zone: R-1/7000 Single Family Residential

Request Description:

Tom Barraco, the owner of the property, has submitted a petition for a Conditional Use for the conversion of an existing, detached garage to an Accessory Dwelling Unit (ADU). The structure is located to the rear of the house on the property. The proposed Accessory Dwelling Unit (ADU) is within ¼ mi. to a transit stop and there is existing legal on-street parking along the street frontage of the property on Driggs Avenue. I have attached information submitted by the applicant relating to the project to facilitate your review.

Conditional Use: The property is located in the R-1/7000 single family residential zoning district and an ADU is a Conditional Use in single family zoning districts. The Conditional Use process looks at compatibility, location, configuration, and potential impacts of the request. The proposed ADU will also be subject to the specific development regulations for ADU's located in section [21A.40.200](#) of the zoning ordinance.

East elevation (facing the alley) of proposed ADU.

Request for Input from Your Recognized Organization

As part of this process, the applicant is required to solicit comments from Recognized Organizations. The purpose of the Recognized Organization review is to inform the community of the project and solicit comments/concerns they have with the project. The Recognized Organization may also take a vote to determine whether there is support for the project, but this is not required.

Per City Code 2.60.050 - The recognized community organization chair(s) have **forty five (45) days** to provide comments, from the date the notice was sent. A public hearing will not be held, nor will a final decision be made about the project within the forty five (45) day notice period. This notice period ends on the following day:

April 14, 2022

Comment Guidance

Public comments will be received up to the date of the Planning Commission public hearing. However, you should submit your organization's comments within 45 days of receiving this notice in order for those comments to be included in the staff report.

As a Recognized Organization, we ask that you address the following questions in your comments:

- What issues were raised at the meeting and whether any suggestions were made to address the issues.
- The number of persons that attended the meeting (not including those with the applicant or City Staff).
- Whether a vote was taken on the matter and if so, what the vote tally was.

Approval Criteria for the Conditional Use Request

For your reference, the following are criteria that the Planning Commission will use to make its decision. The City's technical staff will review the project to ensure it complies with adopted policies and regulations. Input from your organization may be more general in nature but we recommend that you also consider the below approval criteria:

A. Approval Standards: A conditional use shall be approved unless the planning commission, or in the case of administrative conditional uses, the planning director or designee, concludes that the following standards cannot be met:

1. The use complies with applicable provisions of this title;
2. The use is compatible, or with conditions of approval can be made compatible, with surrounding uses;
3. The use is consistent with applicable adopted city planning policies, documents, and master plans; and
4. The anticipated detrimental effects of a proposed use can be mitigated by the imposition of reasonable conditions.

B. Detrimental Effects Determination: In analyzing the anticipated detrimental effects of a proposed use, the planning commission, or in the case of administrative conditional uses, the planning director or designee, shall determine compliance with each of the following:

1. This title specifically authorizes the use where it is located;
2. The use is consistent with applicable policies set forth in adopted citywide, community, and small area master plans and future land use maps;
3. The use is well suited to the character of the site, and adjacent uses as shown by an analysis of the intensity, size, and scale of the use compared to existing uses in the surrounding area;
4. The mass, scale, style, design, and architectural detailing of the surrounding structures as they relate to the proposed have been considered;

5. Access points and driveways are designed to minimize grading of natural topography, direct vehicular traffic onto major streets, and not impede traffic flows;
6. The internal circulation system is designed to mitigate adverse impacts on adjacent property from motorized, nonmotorized, and pedestrian traffic;
7. The site is designed to enable access and circulation for pedestrian and bicycles;
8. Access to the site does not unreasonably impact the service level of any abutting or adjacent street;
9. The location and design of off street parking complies with applicable standards of this code;
10. Utility capacity is sufficient to support the use at normal service levels;
11. The use is appropriately screened, buffered, or separated from adjoining dissimilar uses to mitigate potential use conflicts;
12. The use meets city sustainability plans, does not significantly impact the quality of surrounding air and water, encroach into a river or stream, or introduce any hazard or environmental damage to any adjacent property, including cigarette smoke;
13. The hours of operation and delivery of the use are compatible with surrounding uses;
14. Signs and lighting are compatible with, and do not negatively impact surrounding uses; and
15. The proposed use does not undermine preservation of historic resources and structures.

Comment Submission Address

You may submit your written comments via e-mail to rylee.hall@slcgov.com.
