

Snow Removal Advisory

Dear Residents, Businesses & Property Owners:

When it snows, Salt Lake City Code 14.20.070 requires that you:

- Clear snow and ice from city sidewalks adjacent to your property within twenty-four (24) hours after the end of the storm.
- Make a minimum 42-inch wide path, or if the sidewalk is less than 42 inches wide, clear the full width.
- Clear the full length of the sidewalk, including from corners and curb ramps.
- Ice must be removed to bare pavement, or made as level as possible and treated with ice melt, sand or similar material.
- Do not move snow into the street or onto other sidewalks.

You may receive daily fines for a civil violation for failure to comply with these ordinances. (City Code 14.20.110)

Length of Property Along the Street	Hours After Snow Storm Stops		
	24 Hours	48 Hours	72 Hours
200 Feet or Less	\$50	\$75	\$100
More than 200 feet	\$100	\$150	\$200

If you have questions, please contact Salt Lake City Civil Enforcement at civilenforcement@slcgov.com or (801) 535-7225.

Thank you for doing your part in allowing residents to safely use the sidewalks next to your property!
